Healthcare *for Life.* Here.

THE BUSINESS LEADERS OF OUR COMMUNITY ARE AS DIVERSE AS OUR LOCAL ECONOMY — YET THEY ALL HAVE ONE BEAUTIFUL THING IN COMMON.

BUSINESS CARES.

WHEN BUSINESS CARES, EVERYONE GETS THE MESSAGE.

In 2016, Business Cares was just a simple idea based on discussions between a few local business leaders and the Huntsville Hospital Foundation team. I'm proud to say I was part of those early discussions, primarily because the results are so inspiring. In three short years, Business Cares, thanks to the efforts of our local business community, has generated 51 five-year commitments of \$25,000 each totaling \$1,275,000 in support of our hospital here in Huntsville. I think that sends a powerful message:

- To other business owners: you're in good company when you commit to healthcare for life, here. Over 50 of your peers belong to Business Cares.
- To our hospital leaders and professionals: we have your back, and the business community of Huntsville will continue to support your efforts to ensure an outstanding, well-equipped hospital remains central to our way of life.
- To the Ministry of Health and Long Term Care: the business community of Huntsville has voluntarily demonstrated deep local support for its hospital. We have walked the talk. And we'll continue to do so.
- To our neighbours and customers: when you support local businesses, you help us strengthen this community. Your business leaders have demonstrated the will to give - we do that knowing you support us in turn.

The ability of a community to invest in its own health and future for our neighbours, our families and everyone who visits here is evident in the support of local business leaders. I'm sure you share my profound gratitude to them all. We're great when we work together - that's Business Cares.

BUSINESS CARES:

\$1,275,000 committed to date

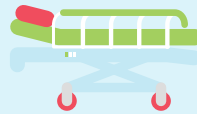

Huntsville Hospital depends on community donations and support to acquire technology and equipment not funded by the government. The Business Cares group of local company owners and leaders is making a difference not only with their gifts to date – but with their ongoing support. Here are just a few hospital purchases where Business Cares donations made a difference last year:

\$440,000

Pharmacy Automation

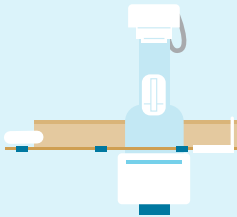

Automating Pharmacy activity improves accuracy and speed in this important part of the hospital.

\$154,000

Stretchers

Our emergency stretchers get a work out every summer and have to be replaced occasionally.

\$80,000

Portable Ultrasound

Used in diagnostics, portable ultrasound machines, alleviate wait times and make testing more convenient for patients.

\$17,000

ECG Machines

Accurate and up to date heart monitors keep every patient safer.

\$150,000

Emergency Department Secure Rooms (1st Installment)

Helping patients and staff stay safe is a priority for our community.

\$781,643

Electronic Health Records

Ensuring your medical records are accessible wherever you receive care is the goal.

\$215,000

Integrated Bedside Terminals

Bedside entertainment system with internet service, radio, games and audio books.

\$30,000

OTN Equipment

The Ontario Telemedicine Network is a growing success and Huntsville Hospital is plugged in.

PUTTING FUTURE DONATIONS TO WORK

Your commitment to future donations gives our hospital the ability to plan ahead. Here's where your donations will be put to work next:

HOLTER MONITOR SYSTEM	\$100,000
PORTABLE X-RAY MACHINE	\$165,000
LABORATORY INCUBATOR	\$6,000
INTENSIVE CARE UNIT BEDS	\$42,000
IV PUMPS	\$4,600 each (need 31)
DAY SURGERY PATIENT MONITORS	\$60,000 (for 5)
INTENSIVE CARE UNIT ECG MACHINE	\$17,000
MEDICAL INPATIENT BLADDER MONITOR	\$18,000
FETAL HEART MONITOR	\$39,000

The foundation of a community is where business and healthcare come together.

The Huntsville area enjoys a growing and diverse economy, a blend of tourism, services, retail and light manufacturing that supports a bright future. As the business leaders on this page articulate so well, our local hospital is at the heart of our prosperity.

ABEN GRAPHICS

“I operate a business here - and I live here with my family. Huntsville Hospital impacts both. Great local healthcare attracts people to the area and that means businesses can grow here. On the community side, and for my family, it’s on all of us to keep the bricks and mortar of our community strong. That’s why Aben Graphics supports the Huntsville Hospital Foundation through the Business Cares program.”

PAUL ABEN, OWNER

DRIVE MUSKOKA

“Business in Muskoka must be a balance - we’ve had great success and we want to share that success. Having a full-service hospital has allowed our business to grow with the population and the economy here. This supports a great life for my family and our teams’ families. What better way to share this success than to strengthen our community’s foundation - which is the Huntsville Hospital.”

JASON ARMSTRONG, OWNER

HUNTSVILLE FORESTER / STAR METROLAND MEDIA

“We’re aware that the capital requirements of our hospital fall to local donors. That’s a huge component of our hospital’s ability to offer quality care, and a challenge we couldn’t meet without the Huntsville Hospital Foundation. Business Cares allows us to accomplish two things: (1) Support the hospital’s capital needs directly and; (2) send a signal to other businesses and donors that we’re in this together.”

TD CANADA TRUST, HUNTSVILLE

“Quality healthcare is a cornerstone of any thriving community. This is particularly true here where the economy is strongly influenced by the spending associated with our seasonal population. There is also a positive correlation between investment and healthcare. In that context, Huntsville Hospital and the MAHC organization ensure the prosperity of the region for both current and future generations. That’s why we support Business Cares.”

PAUL MORSE, VICE-PRESIDENT & INVESTMENT ADVISOR
MORSE WEALTH MANAGEMENT GROUP, TD WEALTH

CEDAR GROVE LODGE

“Our local hospital is a win/win in so many ways. Cedar Grove guests can feel confident staying with us knowing a local hospital is close by. When mishaps occur, it enables them to get back to their vacations quickly. Same goes for our staff team - local healthcare actually improves the efficiency of our operation. The hospital is here for our guests, our staff and ourselves. We all need it at some point. Business Cares gave us the biggest bang for our donation dollars.”
