

To our wonderful donors,

We know concerns about staying healthy and safe are top-of-mind for all of us. In light of the COVID-19 pandemic, we thought it prudent to connect with our donors for a few simple reasons.

We think of our donors as our extended family and we want you to know that we are thinking of you during this time. We have the utmost confidence in our excellent MAHC team, our physicians and front line staff. We know how hard they have been working over the past weeks, working extra hours away from their own families to ensure our community's health and safety. We are very proud of them. It is during times like these that we can be confident and grateful for the healthcare we are so fortunate to have in Muskoka, Ontario and Canada.

The Foundation office will be temporarily closed. Please be assured that your Foundation team is working remotely and available for online donations at www.huntsvillehospitalfoundation.ca or by telephone 705-789-4756. We continue to count on your support and generosity while our hospital team continues doing a great job. Now, more than ever, it is important for us to support our community hospital.

For timely and accurate COVID updates please go to the MAHC website at www.mahc.ca
