The Huntsville Hospital Foundation 'Bunkie' Has Expanded

Thursday September 28, 2023, Huntsville Ontario – After fulfilling plans to move its office closer to Huntsville Hospital in 2018, Huntsville Hospital Foundation is pleased to announce their expansion.

“Once again our community partners lead by Greystone Development, have stepped up to donate their time and talent building our new addition” says Katherine Craine, Huntsville Hospital Foundation CEO. " As Muskoka Algonquin Healthcare’s (MAHC) vision to reimagine local hospital care with two new hospitals in Muskoka is moving closer to reality, Huntsville Hospital Foundation is ready to meet future expectations.

“Today, we are in the final stages of one of our largest Capital Campaign ever - the \$10 million Focus on Imaging Campaign. Our donors have stepped up to help us acquire Muskoka's first MRI and the new Sprott Foundation Diagnostic Imaging Department is equipped for a bright future and saving lives. We are looking forward to the next phase of our journey and this additional office space gets us one step closer, thank you so much to our generous partners!”

Through the help of Greystone Project Management, past bunkie donors and many new donors offered their time and material in-kind to the Foundation. “This has turned into such a great success story about our community coming together for our hospital”, says Pat Dube, Greystone Development, Foundation Board Director and project lead for the Foundation office initiative. “

Please join us as we extend a grateful thank you to the generous businesses and donor listed below who understand the need to support healthcare in our community.

About Huntsville Hospital Foundation

Huntsville Hospital Foundation is a fundraising organization dedicated to improving healthcare services for residents of Muskoka and East Parry Sound. A registered charity since 1984, its mandate is to provide ongoing capital and education resources for Huntsville District Memorial Hospital that is not covered by provincial taxes. This will ensure our hospital and medical professionals have the technology and equipment they require to provide exceptional care. Find out more about the Foundation by visiting www.huntsvillehospitalfoundation.ca
