Colorworks Express Autobody joins Huntsville Hospital Foundation's Business Cares Program with \$25,000 Donation

HUNTSVILLE, ON: The Huntsville Hospital Foundation is proud to welcome Colorworks Express Auto Body as our newest Business Cares partner. They have made a significant commitment to local healthcare, joining the Foundation's Business Cares program with a \$25,000 donation.

This generous donation will help ensure Huntsville Hospital has access to advanced medical equipment and technology, supporting exceptional care for patients across Muskoka.

"Colorworks has committed to making a positive impact within our community, and we are so grateful" says Katherine Craine CEO, Huntsville Hospital Foundation. "Welcome to our family of Business Cares partners!"

Owner Keith Oben explained "Just this year, 3 babies in our family (and 2 for the shop) were born locally. Colorworks believes deeply in social responsibility and that when we're supported, we want to share. Our local clients have made this possible. It's our turn to step up and do what we can for our community. We enjoy a community with a great history of giving, and this gift follows the leadership and generosity of Mr. Bob Hutcheson and his friends and family." Keith's father Ken Oben told us: "Business Cares says it all. The Foundation is a great way to give back to the whole community. We are blessed with a terrific healthcare team and this gift is just our part to ensure that they have the right tools."

Since its launch in January 2016, the Huntsville Hospital Foundation Business Cares initiative has raised more than \$2 million to help our hospital acquire advanced technology and equipment. Thanks to the generosity of local businesses who believe in investing in quality healthcare close to home, the initiative continues to grow, and more business leaders continue to step up in support of our hospital.
